## Computer Science and Engineering

IIT Bombay

**Expected Graduation Date** - April 2018

### INTERESTED INTERNSHIP THEME

**Information Technology**, Software development and every theme in it.

### REPLIES

#### **Why Engineering, attraction towards manufacturing** - Question 1

- I believe that in Engineering is the ability to **convert theoretical / TextBook Knowledge** into Practical Application for use in day to day life. Hence I am looking for a career in this field.
- Manufacturing is the most pure form of **practical application** where knowledge is put to make our physical labour reduce to considerable extent. This fact attracts me towards manufacturing.

#### **Career Goal Alignments** - Question 2

- This Internship Opportunity seems to be a huge stepping stone for my pursue towards **creating real time** user oriented stuffs.
- My interests in this career is already shown in my projects to create a **Line-Follower Bot** as well my first-year summer project of a **Bot controlled by physical hand movements**.

#### **Working Location Preferences** - Question 3

- First choice would be **Japan**. Primarily because **I can speak and understand** some amount on Japanese Language. Also I am interested in the culture there
- Second choice would be **India**. Mainly cause its my **home country** and things can be easily managed here(I suppose).

---

#### **Greatest Accomplishment** - *Question 4*

- Myself getting a **Gold Medal in the Indian National Physics Olympiad** is possibly the greatest accomplishment for me until now.
- For the **future** I surely wish to be in a field where I can do more of practical usage stuffs where I will enjoy doing it.

#### **Team Experience** - *Question 5*

- We have many **team based projects** where we are expected to develop a coding project as part of our syllabus. Clearly my team has been among the best scoring teams.
- My **summer and winter internships** were based on backend and frontend development in teams of 6 and 8 members respectively. I believe it a huge success.
- Our Troupe got the Rajya Puraskar(**Scouting**), with flying colors where I was the **Troupe Leader**.
- I have been the **School Captain** of my school in its **Golden Jubilee celebrating year**. Surely conducted a lot of events with school mates.

Thanking you and looking for further correspondence.
